The members of the Newsletter and Events Committee would like to keep our residents and Business owners informed and updated on things going on in our Village and surrounding areas. We will be sending Newsletters out quarterly. We hope you enjoy reading about our great community, and that you find the information provided useful.

Village Department/Maintenance and Improvements

Our employees of the Village of Lakeview continue to work on the maintenance and improvement of the Village. The winter kept them busy plowing and moving snow from our streets and parking lots. A big thank you to them for all the hours and work they did in keeping us all moving and safe.

Street and Water Department

The Street Department is in full swing with spring and summer time maintenance. You will see them out moving r parks and village lands, sweeping the streets, repairing any potholes, and performing road maintenance as needed. You will also notice that the new parking lot is going in at the park on West Lake Street. The walking path has been completed, which is another great place to take a morning or evening stroll.

The Water Department has completed new water mains in the south end of town and has many more projects in the upcoming months.

Electric Department

Over the past few months, they have been gearing up for spring. They have been doing maintenance on their tools and equipment. They are also working on inventory and materials. One of the bigger projects they are working is upgrading and balancing the load in Four Seasons Campground. They are also preparing to install electric for the additional condos that will be built. In the next few months, they will be doing routine maintenance, upgrades and installing animal guards on power lines and equipment. Their two main goals are safety and reliability.

As we start into spring and kite flying season, the Electric Department would like to remind everyone to be safe. Make sure that you are in a wide-open area and away from powerlines while you are enjoying your family time and flying kites.

When you are out and see our employees working, thank them. They are a vital part of our Village; their work and dedication does not go unnoticed.

Our featured employee for our Maintenance Department is Brad Davis. Brad grew up at Indian Lake and was hired on with the village in 2019 as a Laborer. One of the things he loves about his job is that every day is something different. Brad has been working extremely hard to complete his apprenticeship and his long-term goal is to become a journeyman lineman. In Brad's spare time, he enjoys spending time with his family.

Utility Office

Our utility office is always busy with answering questions, billing and receiving payments among other duties. We have an excellent group of employees. In this issue we would like to feature the ones you see the most.

Chris Weirick was hired at the Village in 2014 as a Utility/Billing Clerk. She grew up in Urbana and moved to Lakeview in 1974. Chris loves working with the public and fellow employees. She likes meeting new people and talking with customers. When Chris is not working, she enjoys reading, baking in the kitchen, and watching HGTV. Chris has 2 children and 3 grandchildren. In the future, she is looking forward to spending more time with her family and friends, Maybe even stick her toes in the sand somewhere.

Diana Seiler was hired at the Village in 2018 as an Admin Asst has recently excepted the position on Utility/Billing Clerk. She grew up in Urbana and moved to Lakeview 10 years ago. Diana enjoys working with her co-workers and the public. She enjoys her new position, always learning new things and she enjoys keeping busy. In her spare time, she enjoys taking care of her Mother, watching her home being built and going to car shows, auctions, and yard sales. She is looking forward to finishing her home, spending time with family, and vacations.

Lakeview Volunteer Fire Department

The Lakeview Volunteer Fire Department in conjunction with the Logan County fire departments is in receipt of a Fire Marshall's Grant worth \$31,000 to fully equip the department with new MARCS radios. They also received a \$10,000 grant from the Fire Marshall to assist in equipment replacement. Our firefighters are dedicated to the safety and wellbeing of members of our community and continue to gain important training in firefighting, rescue and life saving skill. We are grateful to these dedicated members of our volunteer fire department.

The village will be having a Village wide cleanup day Saturday June 5th for residents within the village corporation limits. Please check our web page at www.Lakeviewohio.com or check out our face book page Village of Lakeview.
